

## REACH DECLARATION OF CONFORMITY (2023)

Herewith we certify that our articles fully comply with the requirements of the European Union Regulation (EC) 1907/2006 relating to the Registration, Evaluation, Authorization and Restriction of Chemicals (REACH):

1. According to the structure of the REACH regulation, our company is a producer of "ARTICLES". We do not produce "substances" or "preparations", and our articles do not involve the intentional release of substances.

No registration, or pre-registration, or authorization is required for the product we supply.

2. Referring to the requirements of the article 33 of REACH: "obligation to communicate information on substances contained in "Articles", we declare that none of the SVHC (Candidate list of extremely worrying substances for the Authorization published in accordance with Article 59 of the REACH regulation) is present in our articles in a concentration equal or larger than 0,1%.
3. Regarding the requirements of the Article 67 of REACH: a substance as such, in a preparation or in an article, listed in Annex XVII, subject to restriction of use, must not be introduced on the European market, or used unless you follow the terms of that restriction. We declare that none of the restricted substances are present in our product.

Due to the fact that REACH regulation is updated frequently, for the main subsequent changes, as the inclusion of the SVHC substances in the Annex XIV, and the inclusion of restricted substances in Annex XVII, our company will evaluate subsequent revisions through time, and will update the declaration so to reflect these changes. The company has requested to the main suppliers to verify and to be informed about their position compared to the REACH regulation, related to the chemical substances present in the Candidate List updated on 17<sup>th</sup> of January 2023, The European Chemicals Agency ECHA has updated the Candidate List, the list of extremely worrying substances for the human health, candidate to the Authorization Regime according to the Annex XIV of the REACH Regulation, introducing 9 new substances (<https://echa.europa.eu/it/candidate-list-table>).

Trancerie Emiliane S.p.A. proceeds with the monitoring, and commits to informing customers about any eventual changes in this regard.
