

SUBJECT: Declaration of the Conformity with the REACH Regulations related to the presence of highly dangerous substances (SVHC).

- SVHC substance list update dated June 3, 2025.

The REACH (Registration, Evaluation, Authorization and Restriction of Chemicals) Regulation was updated in 2025 with Regulation (EU) 2025/1090, which amends Annex XVII, introduces restrictions on the use of N, N-dimethylacetamide (DMAC) and 1-ethylpyrrolidin-2-one (NEP). The new restrictions, have been published on the Official Journal of the European Union on June 3, 2025, and are intended to protect the health of workers exposed to these chemicals.

Trancerie Emiliane S.p.A, hereby notifies, in reference to regulation 1907/2006/EC regarding the registration, evaluation, authorization and restriction of chemical substances (REACH)

WHEREAS

- The REACH Regulations, became law June 1, 2007, establishes rules for management of chemical substances, entailing the need for communication between customers and suppliers of prepared substances, and items they sell and buy;
- Trancerie Emiliane S.p.A is classified as a downstream user of substances/mixtures, produced within the European Union

DECLARES

Trancerie Emiliane S.p.A is not classified as a producer/importer of substances pursuant to the REACH regulation and therefore is not required to register/pre-register the substances used in its production process;

- * Items supplied aren't subject to the provisions of the REACH regulations as they cannot be classified as "items that intentionally release substances";
- * A mutual exchange of information is maintained with all suppliers to verify their standing according to the REACH Regulations and any restrictions provided for in Annex XVII regulation;
- * Its products do not contain any of the substances identified as extremely alarming (SVHC) included in Annex XIV of the REACH Regulations amended on January 25, 2025.
