

## REACH – DECLARATION OF CONFORMITY

Dear Customer,

We hereby certify that our items are in full compliance with **REACH\*** requirements, European Union Regulation (EC) 1907/2006 related to the registration, evaluation, authorization, and restriction of Chemicals (REACH):

- According to the structure of the REACH regulation, our company is a manufacturer of "ITEMS". We do not produce "substances" or "preparations", and our items do not involve the intentional release of substances. Consequently, no registration, or pre-registration, or authorization is required for the product/item we supply.
- Regarding the requirements of the article 33 of the REACH Reg. : "Obligation to communicate information on substances contained in "Trancerie Emiliane spa" items, that none of the SVHC (candidate list of substances of very high concern for authorization published in accordance with article 59 of the REACH regulation) is contained in our product/item in a concentration of 0,1% or greater.
- Relating to the requirements of the article 67 of the REACH reg.: "a substance as such, in a preparation or in an article, as shown in the attachment XVII, subject to usage restriction, should not be placed on the European Market or used, unless you meet the terms of that restriction". We declare that none of the substances subject to use restriction are present in our product/article.
- SCIP: is the database containing the information related to the substances of concern in the articles or complex objects ("Substances of Concern In articles as such or in complex articles (Products)", set up to comply with the waste Framework Directive. Obviously, since these substances are not present in our products, we are not obliged to report to ECHA (European Chemicals Agency).
- As the REACH regulation is frequently updated, for the major subsequent changes, as the inclusion of SVHC substances in the attachment XIV, the inclusion of substances subject to restriction in the attachment XVII, our company will evaluate subsequent revisions through time and will update the declaration to reflect these changes. In case of non-presentation of a new Declaration, the validity stated on (IT) the Official Gazette of the European Union L 98/39- L 98/40 IT the Official Gazette of the European Union concerning REGULATION (UE) 2022/477 OF THE COMMISSION dd. 24 march 2022, which changes the attachments from VI to X of the Regulation (CE) n. 1907/2006 of the European Parliament, and of the related Council, the registration, the evaluation, the authorization and the restriction of the chemicals (REACH) is understood to be confirmed.

In case you may need further clarifications or information, please write to our reference person, Mr. Di Grandi Vincenzo to his mail address: [v.digrandi@trancerieemiliane.it](mailto:v.digrandi@trancerieemiliane.it).
